Application Form - Metropolitan Greenspace Program Application Form 2024-2025

Important Information

Applying for [Metropolitan Greenspace Program](#) (MGP) funding is quick and easy. All funding is processed by the Department of Planning, Housing and Infrastructure and all eligible councils can contact the Metropolitan Greenspace Program team at [Green Space Mailbox](#) for information and advice.

All Greater Sydney councils and Central Coast Council are eligible to apply for MGP funding. Please refer to the [Metropolitan Greenspace Program Guidelines 2024-25](#) for a list of eligible councils.

The Guideline has been prepared to assist prospective applicants to navigate the process. The Guideline provides general information on the Metropolitan Greenspace Program, who can apply, types of eligible projects, how to apply, and reporting requirements. It also provides advice to applicants on how to stand out from other applications.

Please submit the completed form including supporting documentation by 5.00 pm on Monday 31st March 2025.

Assessment Criteria

* indicates a required field

Responses to Assessment Criteria

Please outline how the project aligns with the following program assessment criteria.

Program alignment and project clarity (15%) *

The project scope is clearly stated and supports the objectives of the program. Priority will be given to projects that increase and improve open space to support housing supply.

Inclusion (10%) *

The project is designed and delivered to enable all community members to participate. This could be through increased amenity, improved accessibility or improved safety.

Innovation (5%) *

The project clearly demonstrates best-practice methodologies and outcomes that offer learnings that can be shared across government and industry. The project does not revert to a business as usual approach

Collaboration (10%) *

The project drives collaboration and partnerships with community, businesses and institutions, taking a place-based approach. Plans for collaboration between individuals and/or institutions to develop the project are clearly articulated. Approach to engaging the community in the project is clearly articulated. Any approvals are clearly defined and timeframe stated.

Environmental sustainability (10%) *

The project demonstrates how the health and safety of the community and the local environment will be sustained and enhanced during construction and in operation of the facility. The panel will prioritise projects that are designed for the local climate.

Financial viability (10%) *

Project budget clearly outlines the most significant cost line-items required for the development of the project, along with a reasonable timeline for the expenses (direct and in-kind costs are identified). Council's financial risk mitigation measures to be clearly identified eg how council will manage increasing material supply and costs.

Deliverability (10%) *

Project method is clear and feasible within the parameters of the program.

Timeliness of delivery (10%) *

Applicant demonstrates commitment to roll out project quickly. Project schedule and project plan are clear and identify key deliverable dates and any approvals within program timeframes, including a schedule showing that the project will be completed in accordance with the guidelines. eg Capital projects must be delivered within 18 months or capital works for planning projects must begin within 24 months.

Risk mitigation (10%) *

Risk assessment included with strategies to mitigate project risks (tender delays, cost escalation, construction delays, stakeholder expectations etc.)

Value for money (10%) *

Project uses funding effectively to maximise the scale and impact of the project. Project that reduce on-going maintenance and management costs will be assessed favourably.
